In the tradition of Cirque Du Soleil, which belonged to the majority of its members, and the hand of Showtime Productions, the magical world of Il Circo take the Teresa Carreño, from 18 to 21 August, with the show "Viaggio", an amazing display of dexterity and visual impact

Circus acts of great complexity, with music specially created for each of them is what characterizes assemblies Il Circo, a company originally from the U.S. city of San Francisco, which has covered much of the world, leaving audiences amazed by so much waste of skill of its members-many of them former members of Cirque Du Soleil-legendary, and the originality of their stories, clearly inspired in its conception, the aesthetic of the Italian commedia dell'arte.

In his first visit to Venezuela, with the help of Showtime Productions, Il Circo will introduces new features, from 18 to 21 August in the Sala Ríos Reyna del Teatro Teresa Carreño, the show *Viaggio*, set in the colorful and striking the Carnival of Venice, to tell the story of a girl who reaches the magical world of circus, where he meets amazing characters who will guide you through an amazing journey (*viaggio* in Italian, hence the name) to live really fantastic experience.

On this trip, he meets the small beings that show the wonderful and colorful world of the most spectacular stunts, spiced with music that captivates the senses and envelops the audience into an unforgettable experience.

Puppets, acrobats, magicians, clowns, trapeze artists and many more components of the circus field, shine in this show, conceived for the whole family, with a duration of two hours including intermission, divided into 13 acts, some of which is interaction with the public.

This is undoubtedly a show of high level, which is unprecedented in its style and concept with none of its kind which have been presented so far in Venezuela. Il Circo is simply different, original and captivating, it which is evident in every moment of *Viaggio*.
